

Magnetic Plywood Board

Magnetic plywood board panels can be fixed to walls, and they can serve as finishing for the whole wall or as separate elements in the required dimensions of the board.

It is possible to draw on them, erase the drawings, as well as to attach magnets.

The panels are also decorative, displaying the unique texture of birch, and they can be toned according to the colour sample selected by the client.

Standard panel dimensions* :

Height - 2500mm Width - 1200mm Depth - 15 mm

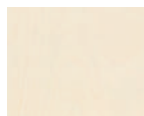

*Smaller sized panels can also be made by ordering in advance from the manufacturer.

Finishing

We offer standard tones for the decorative finishing of the panels :

Natural

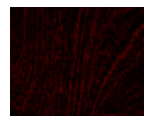

Whitened birch

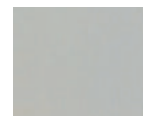

Natural oak

Beech

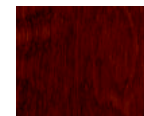

Cherry

Grey maple

Wenge

Mahagoni

Aged oak

Walnut

Black oak
